About the movie...

Comedic French period piece set in 1809 France about an accidentally over-praised soldier, starring Oscar winner Jean Dujardin (The Artist) and Mélanie Laurent (Inglourious Basterds). Written and directed by Laurent Tirard.

"Captain Neuville (Dujardin) is sent out to the front line, leaving behind a heartbroken bride. Having heard no news of the young captain, the bride's sister Elisabeth (Laurent) writes to her on his behalf to cheer her up. Fabricating a heroic tale of Neuville's daring journey, her story begins to unravel when Neuville unexpectedly reappears in less than valiant circumstances." (French Film Festival)
